

UV Backlit Fabric Care Sheet

HANDLING

1. To remove wrinkles, let the fabric lay flat for a couple of hours.
2. Fabric should NOT be stored when damp or wet. Store in cool, dry area.
3. Fold Graphic facing inward.* (This helps to minimize crease marks on the graphic)
4. For storing graphics please remove from plastic packaging that was provided and keep fabric in cool/dry place.

Stain Treatment

1. Your UV backlit fabric graphic can be clean gently with soap and water. Remove any hardware attached to the fabric prior to cleaning. Use MILD. Air dry fabric, dry on frame if frame is available.
2. Fabric must be COMPLETELY dry prior to storing.
3. DO NOT DRY CLEAN
4. Remove as much of debris as possible with a soft bristle
5. Use a clean, lint-free white cloth. Lightly pat the stain from the outside moving in (to keep stain from spreading)
6. If using a cleaning solution, rinse the area with water to ensure NO solution is left on fabric.
7. Most stains can be treated with household fabric stain removers. This can be tested by dabbing solution to a small corner of the fabric.

Do NOT use cool iron or steamer.

Do NOT machine wash

Do NOT bleach fabric

Do NOT tumble dry.
Fabric must be air dried
on the frame to prevent
shrinking
