

UV Non-Backlit Fabric Care Sheet

HANDLING

- 1) If your exhibit fabric includes a zipper, keep zipper closed when storing.
- 2) Wrinkles may be removed using a cool iron or fabric steamer.
- 3) Do NOT store fabric while damp or wet.
- 4) Store fabric in cool, dry place.
- 5) Do NOT store graphics in initial plastic packaging provided.
- 6) Do NOT scratch or rub the fabric print.

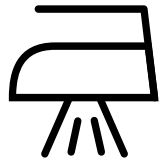

WASHING

- 1) Fabric graphics are machine washable.
- 2) Prior to cleaning, remove all hardware attached to fabric.
- 3) Prior to storing, make sure fabric is COMPLETELY dry.
- 4) DO NOT DRY CLEAN.

STAIN TREATMENT

- 1) Treat stains from reverse side of fabric.
- 2) Gently remove as much debris as possible with soft bristle brush.
- 3) To keep stain from spreading, lightly dab stain from the outside moving towards the center using a clean, lint free cloth.
- 4) If using a household stain removal product, test a small area with the solution first to see fabric's reaction. Do this by dabbing solution on small area of fabric close to the edge. Be sure to read household cleaning solution labels thoroughly for treatment instructions.
- 5) If using stain removal product, use cautiously. Rinse area, making sure no solution is left with the fabric.

Wrinkles may be removed with a steamer on low heat

Machine washable. Use cold water, delicate cycle.

Do NOT bleach fabric

Gentle tumble dry. Air dry on frame to prevent shrinkage.
